### **WORLD CLASS ARM WRESTLING MACHINE**

Hey guys, wanna arm wrestle? With the World Class Arm Wrestling Machine you can get a grip on some money. Become a franchisee utilizing this special machine that eliminates hand grip and arm length advantages,

permits right-handers to wrestle left-handers, and allows for team competition.

Get in on the action as the coordinator of tournaments at health clubs, bars, shopping malls, and carnivals. The going price is \$25,000 for the franchise fee, and for your investment you

get a training session on how to coordinate and publicize events. Not only that, but you will be entitled to a protected territory of 1/2 million people. Perfect for fundraisers or sponsorships. A flashing red light and bell announce the winner. It could also mean you've just earned a heck a lot of money.

World Class Events Corporation will provide the use of one machine per territory. You charge \$275 to \$350 for each tournament and collect \$10 from each contestant. You can pad that income by selling T-shirt and cap accessories. In return, the businesses and sponsors profit from increased traffic to the event.

For more information write: World Class Events Corporation, Dept. 10-7, P.O. Box 882, Ames, IA 50010.
