

Amazing one-shot solution is perfect cleaner for all your home

SPECIAL STAR OFFER

"1-Shot can save you lots of cash," says Cactus Jack of his astounding multi-purpose cleaner that removes everything from soot to pet stains to set-in grease.

A NEW breakthrough in home cleaning can remove even the most stubborn stains — and save families hundreds of dollars a year.

The incredibly simple idea behind 1-Shot All Purpose Cleaner — a concentrated bullet-shaped pellet that turns a quart of water into a dynamic cleaning solution for just about anything — came from an Alka-Seltzer commercial.

Inventor Cactus Jack Barringer, of Ames, Iowa, envisioned the concept of the unique 1-Shot All Purpose Cleaner after watching the famous *plop, plop, fizz, fizz* TV ad.

He tells STAR: "Alka-Seltzer is 99 percent water. But once you add the tablet you have an amazingly different solution. That's when I thought of a solid cleaner that you drop into water.

"After all, most cleaning products are 98 percent water and each has only one active ingredient. Yet consumers have been programmed by manufacturers to buy up to 10 different formulas — convinced they need a different cleaner for different household projects.

"But all you need is 1-Shot to clean heavy soiled carpet areas, mirrors, tile, countertops, floors, laundry stains, mildew, patios and even boats, road tar and rust."

Inspired by the Alka-Seltzer example, Barringer hired a chemist to create a powerful, non-toxic, ecologically friendly, non-flammable pellet of concentrated cleaning power that you drop into a spray bottle, fill with hot water and then use to clean everything — from grease to bathtub rings to car tires!

Now, his 1-Shot All Purpose Cleaner is sweeping the nation, thanks to television and newspaper profiles of the patented citrus-extract formula that uses five different cleaning ingredients

in each pellet.

"We supply two 16-ounce plastic spray bottles and 50 pellets, and you have the greatest biodegradable, stain-seeking technology," Barringer says emphatically.

"It's cheaper, safer, more effective for all stains and the bottles are reusable, so you're no longer contributing discarded plastic bottles to our nation's bulging landfills. Best of all, 1-Shot is safe around children and pets.

"Just a drop of a pellet and you can take aim on stains and save a fortune!"

HOW TO ORDER

The 1-Shot All Purpose Cleaner comes in a case with 50 pellets for \$29.95, plus \$5.95 shipping/handling. To order, using a credit card, call toll-free 1-800-778-3724. Or mail a check or money order in U.S. funds to: One Shot, c/o HSND, P.O. Box 30531, Tampa, Fla. 33630. Sorry, no COD's.
